

Morning Workshops - (45 mins - 1 hour 15mins approx.)

KS1/KS2 Activities

Farmer Fun / New Life

(Available 12 - 15 Feb and 26 Feb - 1 Mar only)

Call in at the maternity unit to see our ewes and our new born lambs. Come and meet all of our other new born animals including piglets, chicks and calves. Discuss the difference between all of our new born and how they adapt to life in their own way. Why are animals born in the spring?

Next step is to Help the Farmer in barn; there are many activities that our busy farmer needs your help for! These include; Scarecrow building, Planting a seed, building a fence, fixing the tractor, milking the cow and to help lambing our pregnant ewe!

Learning Objectives

- To learn about the lifecycle of the animals on the farm.
- To experience new born animals and their demands and needs.
- To learn about what role the farmer plays in the new life of animals and also what jobs he has to do once spring time comes round.
- To get creative with the help the farmer activities
- To understand how these activities help the farmer
